Fryer Oil Disposal Shuttle

ODS 300

The unappealing job of draining, transporting and disposing of spent frying oil becomes much easier with the Henny Penny ODS 300 oil disposal shuttle.

Simply roll out the fryer filter pan, roll in the ODS 300 and drain. No tilting, stooping or lifting involved. A hinged lid latches shut to form a tight seal around the drain pan, preventing spills during transport. The load is easily transported on two large 7 in (178 mm) rear wheels.

A one-piece discharge pipe swings out to either side for convenient disposal. Manual pump is located at the ideal height, making pump out fast and easy.
